SPRING HAS SPRUNG!

9.JDH & Dave P-Go Commando With (Defend Music) (US)

Omigod it's yet another of-the-moment electro house mix from the NYC Underground.... In the same mode as Run-N-Tug these guys celebrate an eclectic mix of electro, dance punk, and even some killer old school rave cuts. The uneven mixing gives this comp a hastily mashed-up disjointed feeling that doesn't inspire getting one's groove one for long but there sure are a plethora of dope cuts regardless.
