JDH and Dave P Go Commando

Snag a copy of the latest compilation from New York's *Go Commando* series, this time from **JDH and Dave P**, masterminds behind the city's **FIXED** parties. Like James F!@#\$\$%^ Friedman's inaugural *Go Commando* comp, JDH and Dave P crank out a mix of house and techno bangers that will cause asses around the world to wiggle, with **The Knife**, **Michael Mayer**, **Four Tet**, and **Vitalic** making appearances. This marks the duo's first-ever mix CD, and they top it off with a slew of **FIXED** parties around the country and several dates on the road with Soulwax.
